**Subject:** registration standerds

Hi,

My name is Cathy Bell. I am full time Nursing tutor of UWS university.  
I have read new proposal for international student regarding their registration.  
Some of the international students were came to me regarding this issue.  
I personally think that they should get registration as they have finished their Bachelor of Nursing in English Medium in The Australia.  
Because if they will not get registration than they can not work elsewhere.  
Australian Health department required 7 band to work anyway.  
So for registration they should allow to have.  
Thank you  
Cathy Bell  
on the behalf of all International Students of UWS.
