INRC announces position statement on social media for nurses

The International Nurse Regulator Collaborative (INRC) is pleased to announce the release of its position statement, **Social Media Use: Common Expectations for Nurses**. The statement identifies potential risks that nurses should be aware of in order to protect the public. Helpful tips to guide nurses in the appropriate use of social media are also included.

About INCRC

Members:

- Nursing and Midwifery Board of Australia (NMBA)
- Nursing Council of New Zealand (NCNZ)
- Nursing & Midwifery Board of Ireland (NMBI)
- Nursing & Midwifery Council – United Kingdom (NMC-UK)
- National Council of State Boards of Nursing (NCSBN)
- Singapore Nursing Board (SNB)
- College of Nurses of Ontario (CNO)
- College of Registered Nurses of British Columbia (CRNBC)

In 2011 the members of INRC entered into a memorandum of understanding and cooperation to confirm closer links between the organizations in order to develop common standards for the regulation of nurses and nursing practice.

The work of INRC contributes to the development of common practices designed to enhance public protection and public safety.
